ABOUT OUTRING TINNITUS

Hi, my name is Frieder, Founder of [Outringtinnitus.com](https://outringtinnitus.com).

I was born deaf on one ear and have been living with severe tinnitus and a hearing aid on my "good" ear for over ten years.

After struggling with tinnitus myself for a long time, I started focusing on the techniques that actually help. Nowadays I host a myth-busting top 3 2021 tinnitus podcast and have successfully coached people all around the globe in transforming their life with tinnitus.

And I'm not stopping until I have transformed your life too!

YOUR OUTRING TINNITUS COACH

Frieder Kühne
Owner & FOUNDER of
[Outringtinnitus.com](https://outringtinnitus.com)

The Outring Tinnitus coaching program is based on the latest and validated scientific methods for treating tinnitus. And although the program builds on existing methods, other treatments use too, such as cognitive behavioural therapy and acceptance and commitment therapy, it is also based on my very own personal experience of suffering from a single sided deafness in one ear and from severe tinnitus in my "good" ear for over ten years. I know what you are going through!

In the absence of a complete cure, the Outring Tinnitus Coaching Program offers the best combination of personal experience and validated scientific methods to induce long-lasting change in your perceived intensity and loudness of your tinnitus. GUARANTEED!

With over ten years of living with tinnitus myself and using this program to coach people all over the globe, I have a set of tools that allow YOU to build your best life despite tinnitus. Apply to our program now!

*"I'm grateful for his work, his understanding and his desire to help people in a holistic and positive way. I would recommend reaching out to Frieder if you're struggling. Tinnitus is hard but we don't have to suffer alone or suffer at all for that matter. **Make the choice and reach out. Thank you Frieder!**"*
